Wednesday January 31, 2024

9:00 am – 1:00 pm

Online

Tribal Op-Cert Workshop Q1(Eastern Sierra and Nevada) 013124-9

## EASTERN SIERRA AND NEVADA TRIBAL OPERATOR CERTIFICATION WORKSHOPS

These workshops are being offered to the Tribal water operators and tribal environmental departments in the Eastern Sierra and Nevada region. The purpose of these workshops is to provide a forum to discuss topics that are used in the day to day running of the drinking water systems and evolving drinking water technologies, regulations, and issues facing Tribal water as well as Tribal environmental departments.

The meetings also support local Tribal water operators by providing contact hours needed to maintain drinking water certification and base knowledge to use to study and take the testing to get a water operator license. These meetings allow for networking with local operators and environmental staff.

The Workshops sessions will be planned for throughout the year and coordinated by local RCAC technical assistance providers. The gathering will be held online and in person.

4 CA Drinking Water Contact Hours

Please pre-register at your earliest convenience  
*Electronic registration is provided at:*  
<https://www.events.rcac.org/assnfe/ev.asp?ID=4100>

US EPA Region 9 is funding these **free** workshops.

## AGENDA TOPICS:

Welcome and Introduction

Summer -Compliance Check Up and other current topics of interest: Sampling Monitoring schedules, PFAS, service line inventory form, etc  
David Hossli

Op-cert

We are going to go thru the categories you would like to discuss about topics that are on a certification exam. This training will cover both treatment and distribution Infrastructure topics that you can pick from Valves, Piping, Storage and Pumping etc. For new operators or operators advancing that are preparing to take an exam this is a good chance to review for the exam. For all operators it is good review to see what has changed in the world of drinking water treatment and distribution. So come with your questions and we will find you answers.
