

NAWMA Southern Nevada & Northern Arizona

Operator Certification Workshop

February 28, 2023 • Flagstaff, AZ

In the arid Southwest, there will always be a need for new tribal operators to take care of our most precious resource. The focus of this workshop is to develop the next generation of tribal water operators and assist current operators in the exercise of their duties. This in-person event will allow for networking opportunities and the chance to benefit from the collective knowledge in the room.

Operator certification test preparation topics covered:

- Water system components
- Water chemistry
- Disinfection
- Operator math

Participants will have the opportunity to take a certification practice test to gauge their knowledge.

Operator topics covered:

- Cross Connection Control Programs (CCCPs)
- Comprehensive Site Sampling Plans (CSSPs)

These topics will allow tribal operators to maintain compliance with safe drinking water regulations and provide safe water to their communities.
