

15 Steps to Homeownership

A two-webinar series • April 12 & 14, 2022

This series of two webinars will examine industry protocols and consumer best practices for the most critical 15 steps to homeownership that consumers need to be competent at, and confident in, when purchasing their new home. These steps are in a specific order to optimize the home buying experience and help the consumer make the most educated decisions when it comes to their specific financial situation and home choice. By understanding the process, it can help a consumer decide if purchasing a home is the best choice for them and their family.

Each session will help counselors guide clients on what to expect on their road to homeownership. Upon completing both webinars, participants will be able to better coach consumers through the home buying process, providing them with tools to make informed choices at each decision point along the way.

Scholarships are available for the first 75 registrants. You must work for a HUD approved counseling agency to receive a scholarship. *Use scholarship code HCOE.*
