

Infrastructure Funding Opportunities for Small Water Systems in Arizona

May 22, 2025 • Online

Join us for a free two-hour webinar for small water systems on how to navigate the landscape of infrastructure funding opportunities in Arizona. Attendees will gain valuable insights into available opportunities and learn how to create an effective funding strategy that supports long-term sustainability.

The session will also cover the basics of developing a Capital Improvement Plan (CIP), which is essential for planning and prioritizing infrastructure upgrades and repairs.

Whether you're a utility manager, operator, or board member, this webinar will provide the tools and knowledge needed to help you secure funding and ensure the resilience of your water system.

Participants will learn:

- An overview of infrastructure funding opportunities for small water systems in Arizona
- How to develop a tailored funding strategy
- Steps to create a basic Capital Improvement Plan (CIP)
- Best practices for aligning funding strategies with long-term infrastructure needs
- Guidance on accessing and applying for state and federal funding programs

When: May 22, 2025 • 10:00a.m.-12:00p.m. (Arizona Time)

Where: This training will be hosted online on GoToTraining.
