Wednesday, June 10, 2020; 10 AM to 3 PM On-line Training Workshop GoToTraining Format

Join your fellow operators at the 41st gathering of the Native American Water Master's Association on Wednesday, June 10 on-line. Yes, as a first for the NorCal group, we are forced to meet remotely due to CoV-2 restrictions in the U.S.A. and California.

The purpose of NAWMA meetings is to provide a forum to discuss evolving drinking water regulations, technologies, and issues facing tribal water utilities.

These meetings support local tribal water operators by providing relevant changing information and contact hours needed to maintain drinking water certification as well as allow for networking with regional and local operators. NAWMA sessions occur on a minimum quarterly basis throughout the year and are coordinated by local RCAC technical assistance providers.

Lunch will be on your own from noon to 1 pm.

We look forward to seeing you there.

The application will be opened up at 9 AM. Class is from 10 AM to noon and 1 PM to 3 PM.
