About the workshop

RCAC is hosting a Native American Water Masters Association (NAWMA) meeting to provide networking and educational opportunities for Native American water operators. This is a chance to meet other operators and be involved in training that meets your water operation's needs.

Topics will include:

- COVID-19 updates and discussion
- IHS updates
- Lead and Copper - History of use, the Rule, Sampling, and Public Notice Requirements
- Disinfection Byproducts - Sources, Sampling, Treatment
- Chlorine Residual - Controlling residual, calculating dose, monitoring

Each part is eligible for 3 continuing education contact hours (6 total).
