

# Free Wastewater Workshop

# Wastewater Treatment Basics

September 14, 2023 • Las Cruces, NM

## When

September 14, 2023  
8:00 a.m. – 2:30 p.m.

## Where

Frank O'Brien Papen Community Center  
304 Bell Avenue • Las Cruces, New Mexico 88005

## Description

This wastewater training is intended to help small and rural treatment systems, their operators and their communities. This training will assist these systems by providing 5.5 New Mexico Wastewater Training credits to certified wastewater professionals, helpful to renew their accreditation. This training will also be helpful for new professionals in the wastewater sector looking to meet the minimum requirements to apply for the certification examination. This training will review NPDES permit compliance and activated sludge process control. Troubleshooting plant upsets will also be discussed.

## Who should attend

The intended audience is wastewater operators, managers, and board members serving small and rural systems who are looking to improve their overall skills and knowledge in wastewater treatment permit compliance with lagoons and activated sludge process control.

**This workshop qualifies for 5.5 New Mexico Wastewater Training Credits**

**Register online at:** <https://www.events.rcac.org/assnfe/ev.asp?ID=3908>

For registration questions, please contact RCAC at: [registration@rcac.org](mailto:registration@rcac.org) • (916) 447-9832 ext. 1429

There is no fee to attend this workshop, but please register in advance to attend as space is limited.
