By law, all mutual water board members are required to have two hours of ethics training every six years, and within six months of taking office. This training is designed to provide system longevity and helps assure that board members meet their legal responsibilities. Required topics of training include: conflicts of interest, fiduciary responsibilities, Safe Drinking Water Act compliance, long-term management and Capital Improvement Planning. We will also cover the AB240 requirements, which affect Mutual Water Systems as of January 1, 2014. This workshop allows Mutual Water Systems to comply with this new regulation and helps prepare them to better govern their water company.

This workshop meets the legal requirement for board members ethics training under AB54.

Participants will learn and understand:

- All requirements of AB54 and AB240
- Financial conflicts of interest to avoid
- Strategic planning
- Financial responsibilities
- Capital Improvement Planning
- How to comply with the Safe Drinking Water Act

Recommended audience includes directors, board members and managers of Mutual Water Companies.
