

# Household Well & Septic Operations & Maintenance

2-Part Series (Arizona) • October 11&12, 2023 • Online

**Do you want to improve your knowledge of household or shared wells and septic systems?**

## Part 1 - **Septic System Operations & Maintenance**

This training will provide education on the proper operation and maintenance of septic systems, including common troubleshooting, preventative maintenance, and solutions. We will also discuss the benefits of establishing long-term solutions, such as onsite wastewater management programs.

## Part 2 - **Household Well Operations & Maintenance**

This training will provide education on household well systems, components, and maintenance, including an overview of common water quality concerns and treatment options. We will guide homeowners through a mini planning exercise that their household well system is properly maintained and that their water quality is guaranteed for years to come.

**When:** Part 1: October 11 | 5:30PM-7:30PM (AZ time)

Part 2: October 12 | 5:30PM-7:30PM (AZ time)

**Where:** Online. This training will be hosted on GoToTraining.

**Register online at:** <https://www.events.rcac.org/assnfe/ev.asp?ID=3907>
