

# Western & Southern Arizona NAWMA

March 29, 2023 • Tucson, AZ

In the arid Southwest, there will always be a need for new tribal operators to be stewards of our most precious resource. The focus of this workshop is to prepare participants to take their operator certification test & to assist current operators in the exercise of their duties. This in-person training will provide participants with networking opportunities & the chance to benefit from the collective knowledge in the room.

Topics covered for the operator certification test:

- Water system components
- Water chemistry
- Disinfection
- Operator math

Participants will have the opportunity to take an operator certification practice test to gauge their knowledge.

Topics covered for the busy operator:

- Preparing a lead service line inventory
- Lead & copper sampling

These topics will allow tribal operators to maintain compliance with safe drinking water regulations & provide safe water to their communities.

*6 Arizona Professional Development Hours awarded.*
