Where

AWWU Eagle River WWTF

15224 Artillery Road • Eagle River, AK 99577

This workshop qualifies for 0.6 Continuing Education Units

This wastewater training is intended to help small and rural treatment systems, their operators and their communities. This training will assist these systems by providing 0.6 CEUs to certified wastewater professionals, helpful to renew their accreditation. This training will also be helpful for new professionals in the wastewater sector who would like to increase their knowledge of the activated sludge treatment process.

Who should attend:

The intended audience is wastewater operators, managers and board members serving small and rural systems who want to improve their overall skills and knowledge in wastewater treatment.

Register online at: <https://www.events.rcac.org/assnfe/ev.asp?ID=1846>

For registraion questions, please contact RCAC at: registration@rcac.org • (916) 447-9832 ext. 1429

There is no fee to attend this workshop, but please register in advance as space is limited.

This training workshop is funded as a part of the EPA/RCAP Training/Technical Assistance for Small Public Water Systems to Achieve and Maintain Compliance.
