The NAWMA Gathering

Announcing the gathering of the Central California Native American Water Master's Association on March 9th, 2016 at the Tachi Palace Hotel and Casino.

The purpose of these meetings is to provide a forum to discuss evolving drinking water and wastewater technologies, regulations, and issues facing Tribal water and wastewater utilities as well as Tribal environmental departments.

The meetings also support local Tribal water and wastewater operators by providing contact hours needed to maintain drinking water certification. These meetings allow for networking with local operators and environmental staff.

Central California NAWMA sessions will be planned throughout the year and coordinated by local RCAC technical assistance providers. This gathering will be held in the Tachi Palace Hotel. The meeting room is still being determined.

Please pre-register at your earliest convenience

Electronic registration is provided at:
